

Arnside Parish Council

Item 12 - Arnside Car Parking

Steve Porter was asked to investigate the issue of motorhome parking on the foreshore parking area (20-21/302). SP contacted NCP for advice and met their representative, Bob Young, in May to discuss. SP explained the background and BY agreed to draft a proposal which looked at car parking on the Promenade in general.

BY has produced a draft proposal, of which the salient points are:

1. We charge for car parking on the foreshore site and at the southern end of the Promenade.
2. Enforcement by ANPR system.
3. Parking remains free on Promenade between Silverdale Road and Station Road.
4. Resident's parking permits issued.
5. Foreshore: an ANPR camera and card-only pay station at entrance.
6. South Promenade: ANPR cameras and card-only pay station/s.
7. 50p/hr charge.
8. 60-40 income split between APC and NCP.
9. NCP cover cost of installation and management of infrastructure.
10. Projected annual income for APC averages ~£80k over each of next 10 years.

Unresolved issues:

- Ownership/ leasing of foreshore site.
- Local business response.
- Local residents response.

If councillors wish to pursue this, BY has offered to meet the Council to put the case. SP has a presentation from BY which gives much more detail and sets the full case.
