

## **Item 17 – Zoom Contract**

The Zoom contract was set up to:

1. Facilitate non face to face council meetings during full lockdown
2. Attend/set up meetings with third parties (rather than face to face)
3. Attend get togethers of Council members for unofficial discussion
4. Attend workshops of Council members

The Zoom contract is set up under the Clerk's name and is paid for by direct debit by the Clerk and claimed back from the Council.

Following her resignation, the current Clerk recommends cancelling the contract in her name.

Councillors are asked to decide whether or not they need a zoom contract in future, bearing in mind that the facility is useful for non-official discussion, workshops and meetings with contractors and other third parties.
